AQUAPOP

The Free Standing Hand Wash Station

AQUAPOP is the innovative Free Standing Hand Wash Station designed by Armal. Its stand-alone operation makes hand hygiene possible everywhere when water connection is not available or difficult to set up. AQUAPOP is very versatile, one product with different solutions: it can have both single or two-people use by combining two stations to create one column with opposite wash basins that can be used simultaneously.

Its foot pump operation makes AQUAPOP a safe non-contact station; hygiene is always guaranteed as it comes fully equipped with soap and paper towel dispensers.

AQUAPOP is designed to get the operators' job done without efforts as it can easy manoeuvre and transport by one person thanks to its integrated handle and wheels. Moreover, its water tank and wash basin can be stored inside most portable restrooms for easy transport.

Features include:

- Free Standing, one or two stations
- Nearly 280 uses without refilling
- 50 L / 13.20 gal. fresh and gray water tanks
- Drain plugs and lockable fill caps
- Handle for easy movement
- Foot pump operation
- Soap and sanitizer dispenser
- Paper towel dispenser
- Easy on-site maintenance with discharge tap
- Heavy duty nozzle (stainless steel)
- Possibility to be fixed through tie-down ring (optional)

Weight (empty)	20 kg / 44.09 lb.
Weight (full)	70 kg / 154.32 lb.
Soap and sanitizer dispenser capacity	350 ml / 0.09 gal.
Paper towel dispenser capacity	200 towels
Material used	Polyethylene. Metal parts in stainless steel
Color	Grey

Optional accessory:

- Customized stickers

Individual use

Double use

Detachable

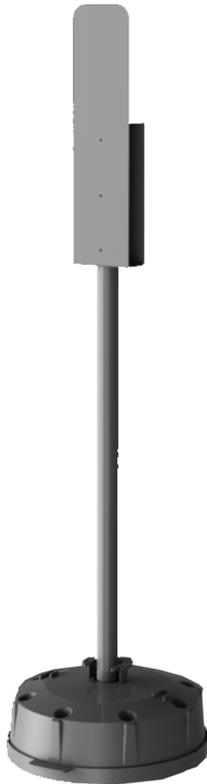

Easy to transport

SANISTAY

The Free Standing Soap and Hand Sanitizer Stand

SANISTAY is the convenient hand sanitizer station with a floor stand. Its double-sided access to dispensers makes it ideal for keeping hands always sanitized while the advertising display panels make it unique as it can be customized with brand stickers, advertising, or other instructions.

Slim, lightweight, and steady at the same time, it is the perfect Free Standing Hand Sanitizer Stand to be placed anywhere there is a need of having the hands clean and sanitize. Its lightweight matches well with its stability as SANISTAY base can be filled with sand or gravel.

Features include:

- Ready to be equipped with one or two soap and sanitizer dispensers
- Lightweight and easy to transport (fits inside most standard portable restrooms for easy transport)
- Durable, one-piece construction
- Ready to hold 500 ml/0.13 gal. or 250 ml/0.06 gal. soap or any other liquid gel
- Two-sided display panel customizable with stickers for instructions or advertising
- Greater base stability when filled with sand or gravel

Specifications:

Height (total)	1.400 mm / 55.11"
Height of dispenser from the ground	1.200 mm / 47.24"
Diameter	330 mm / 12.99"
Weight	8 kg / 17.63 lb.
Material used	Polyethylene. Metal parts in stainless steel
Color	Black

Optional accessories:

- No. 1 or 2 500 ml/0.13 gal. or 250 ml/0.06 gal. soap and sanitizer dispensers
- Customized stickers

USTAND

The Free Standing Urinal

USTAND, the Free Standing Urinal with 4 built-in urinal stations, is the ideal product to avoid long lines during events, crowded manifestations, construction sites and many places more. Since it can accommodate 4 people simultaneously, USTAND inevitably helps reducing queues and waiting time at large-scale gatherings while personal privacy is preserved thanks to the presence of its raised walls. Its stackable design allows operators to transport 4 Free Standing Urinals instead of 1 mobile urinal at a time.

Features include:

- Stainless steel security bars
- Plastic seal for vacuum hose entry

Specifications:

Height	1.600 mm / 62.99"
Diameter	1.120 mm / 44.09"
Gray water capacity	400 L / 105.67 gal.
Weight (empty)	40 kg / 88.18 lb.
Weight (full)	440 kg / 970.03 lb.
Material used	Polyethylene
Color	Grey/granite

Optional accessory:

- Customized stickers

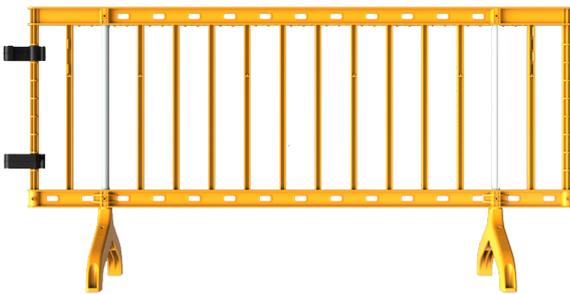

BORDER

The HDPE Safety Barrier

BORDER is the safety barrier built for long-lasting performance, synonymous of strength, safety and cost-effective. A barrier with an innovative design, it represents a versatile solution to close or circumscribe a space, whether on construction sites, public gatherings or events, private areas, parking, parks, shopping centers or clubs: the contexts to put places into safety by using barriers are potentially endless. The possibility of customizing Armal BORDER with branded stickers or advertisements allows an innovative use of barriers in terms of image and visibility to any sponsors in events or in any other situation. Armal BORDER has adjustable feet that can rotate 360° to guarantee maximum stability and facilitate storage and transport.

Strong joints make it easy to create a continuous fence while its stability and sturdiness can be improved with a weighted support filled with sand or gravel.

Features include:

- Lightweight, easy to handle and staked together
- Smooth surfaces to prevent damage to operators
- 360° adjustable feet rotation to ensure perfect stability even on rough ground
- New Joint: resistant, easy and strength
- Made of polyethylene

Specifications:

Height without feet	800 mm / 31.49"
Height with feet	1.100 mm / 43.30"
Width without feet	55 mm / 2.16"
Width with feet	650 mm / 25.59"
Length without joint	2.170 mm / 85.43"
Length with joint	2.320 mm / 91.33"
Length with closed feet and joint	2.210 mm / 87.00"
Weight	12,50 kg / 27.55 lb.
Material used	Poliethylene
Color	Yellow

Optional accessories:

- Weighted support
- Customized stickers or banners

SOAP AND SANITIZER DISPENSERS

Ideal to add more value to portable restrooms and free-standing products, Armal proposes two different SOAP AND SANITIZER DISPENSERS capacities and one VIP model. **Easy to install and to refill**, they are ready for use with non-alcohol-based soap, sanitizers, and gel solutions. **Easy to use**, with one-hand operation, users will appreciate cleaning their hands after using a portable restroom or whenever there is a need.
